

Welcome Phil Myers

In addition to Marina Burliss, Molly Kenny, and Sue Downer, we're pleased to welcome Philip Myers to the Cutter Farm team of trainers.

Phil has been teaching riding and training horses for the past 30 years. He began his career in the hunter, jumper and equitation world, competing in shows from New England to Florida and working with a wide variety of horses and riders. Teaching and training out of Ipswich MA, Phil ran a school that trained over one hundred riders a week.

Teaching and training both horse and rider has become Phil's main focus. Working with horses and riders at all levels, from horse show beginners to advance riders, Phil helps riders work to understand and master the horse's needs so that horse and rider learn together. One of Phil's greatest strengths as a teacher is his ability to advise riders on how to set personal goals on a daily, monthly, and yearly basis. This leads to the rider becoming more successful and having a better feel and understanding of their horse.
